Paper cutting and folding questions pdf

Paper cutting and folding tricks. Paper cutting and folding questions in hindi. Paper cutting and folding questions for ssc. Paper folding questions tricks. Paper cutting and folding questions pdf. How to solve paper folding and cutting questions pdf. Paper cutting and folding reasoning tricks.

cut the four parts of the paper around the central area. Answer C Choose a figure that would more closely resemble the shape displayed in Figure (3). It will cut the four parts of the paper around the central area. a) b) c) d) Choose a figure that would more closely resemble the form described in Figure 3). Therefore, start your practice from the following questions on both topics to improve your performance in competitive exams. Practice for competitive exams with more paper folding resonance questions - No verbal. Selective Paper Folding Questions and Cutting Resonance: Q: The following questions consist of a set of three X, Y and Z figures showing a folding sequence of a piece of paper. There are also multiple questions of choice and true or false type. Fig (Z) shows how the folded paper has been cut. a) b) c) d) Preview of the Start Response Discos at the Forum If you cut the folded paper from a place, it will be cut from four places throughout the block. Therefore, the correct answer is (B) Example 3: Response with Explanations (B): The next wing figure will be obtained when the last figure opens in a fold When the previous figure opens in the second fold, the following figure will be obtained: This figure is similar to (B) among the four alternatives. Examples solved with detailed description of the answer; explanations are given and would be easy to understand. (A) (B) (C) (D) Q: In the following problems, a square transparent leaf is given with a pattern. The candidate has to find which of the four alternatives resembling the pattern when the paper cut is developed Example 1: Response with explanations (C): Next figure will be obtained when figure in (3) is opened at one fold The following figure will be obtained when this figure is opened at the second fold. So, here I am sharing you selective paper folding and paper cutting reasoning questions for your practice. You just need to understand the topic and direction of questions, you can easily solve this topic. Hence the correct answer is (C) Example 2: Answer with Explanations (B): The following wing figure will be obtained when figure in (3) is opened at one fold The following figure will be obtained when the above figure is opened at the second fold. View Answer Discuss in Forum Workspace Report Page 4 Exercise :: Paper Cutting - Section 1 Paper Cutting - Section 1 Paper Cutting - Section 2 Each of the following questions consists of a set of three figures X, Y and Z showing a sequence of folding of a piece of paper. Choose a figure which would most closely resemble the unfolded form of Figure (3). This figure resembles with (B) among the four alternatives. Choose a figure which would most closely resemble the unfolded form of Figure (3). Where can I get Non Verbal Reasoning Paper Cutting questions and answers with explanation? In the third figure, it is again folded in two parts and some of its part is cut or punched according to diagram. View Answer Discuss in Forum Workspace Report Page 2 Exercise :: Paper Cutting - Section 1 Paper Cutting - Section 1 Paper Cutting - Section 2 Each of the following questions consists of a set of three figures X, Y and Z showing a sequence of folding of a piece of paper. Figure (Z) shows the manner in which the folded paper has been cut. You can easily solve all kind of Non Verbal Reasoning questions based on Paper Cutting by practicing the objective type exercises given below, also get shortcut methods to solve Non Verbal Reasoning Paper Cutting Aspirants! As you know that paper folding and paper cutting reasoning, both topics are important for competitive exams. Here you can find objective type Non Verbal Reasoning Paper Cutting questions and answers for interview and entrance examination. In second figure, it is shown by folding it in two parts. (Z) (A) (B) (C) (D) Q : The following questions consist of a set of three figures X, Y and Z showing a sequence of folding of a piece of paper. Hence the correct answer is (B) Example 4: Answer with Explanations (A): When the last figure is opened at one fold, the following figure will be obtained: When the above figure is opened at second fold the following figure will be obtained: This figure resembles with (A) among the four alternatives. Hence the correct answer is (A) Example 5: Answer with Explanations (C): When the last figure is opened at one fold then at second fold, the figure will resemble with figure (C) among the alternative. When unfolded this paper appears as given below in the answer figure. All students, freshers can download Non Verbal Reasoning Paper Cutting quiz questions with answers as PDF files and eBooks. (A) (B) (C) (D) If you have any query related paper folding and paper cutting reasoning questions, you can ask me in the comment section without any hesitation. The part which is covered on the other by folding is shown by dotted lines. View Answer Discuss in Forum Workspace Report Page 6 Exercise :: Paper Cutting - Section 1 Paper Cutting - Section 2 Each of the following questions consists of a set of three figures X, Y and Z showing a sequence of folding of a piece of paper. These three figures are followed by four answer figures from which you have to choose a figure which would most closely resemble the unfolded form of figure (Z).
